

### Range 6: Reverse Drive Auger Silo.

We provide a range silo with a reverse drive auger for filling feeder wagons and trailers. This option comes fully wired with a stop/start remote control. All that is needed is an electricity supply with a 16amp plug.

Our silos are of a sturdy, high-quality, fully-galvanised steel construction with a low-maintenance lifespan of 30+ years when correctly cared for. They all have smooth walls, ensuring good flow of feed without the trapping effect of corrugated sections.

#### Features:

- ✓ 5 to 33 tonnes
- ✓ Fully galvanised
- ✓ Heavy duty support structure
- ✓ Filler pipe (100mm)
- ✓ Exhaust pipe (150mm)
- ✓ 60 degree cone
- ✓ Smooth wall
- ✓ Level indication windows
- ✓ Cone inspection door
- ✓ 150mm diameter reverse drive auger
- ✓ Remote control stop/start
- ✓ 3.0m under outlet of auger

#### Optional extras:

- ✓ Colour coded
- ✓ Extra height

#### Delivery:

Silos are delivered nationwide, tipped upright and secured to the ground using our specialized transport. No customer assembly is required, just a concrete base.
